

RUSH COUNTY

**Occupies Conspicuous Place
In State Convention
Next Week.**

**Large Number of Republicans
Making Preparations to
Attend—Seats Will
be Scarce.**

There will be a large number of Rushville and Rush county Republicans at the state convention which meets in Indianapolis on next Tuesday and Wednesday.

Chairman James P. Goodrich and Secretary Fred A. Sims, of the Republican state committee, yesterday effected most of the preliminary arrangements for the state convention, so far as the program and officers of the convention are concerned. Harry C. Adams, of Indianapolis, will be the sergeant-at-arms of the convention, in Tomlinson Hall, and he will have one assistant from each congressional district; Miles K. Moffett, of Connersville, representing this district.

The door keepers have been selected for the convention, but their names will not be made public at this time.

The convention will be called to order at 2 o'clock Tuesday afternoon, April 26th, in Tomlinson Hall, by State Chairman Goodrich, who will officiate as temporary chairman. The several district caucuses will be held Tuesday afternoon, preceding the convention, and the various committees will be named at these caucuses. The first order of business after the call to order will be the report of the committee on rules and permanent organization. The committee will, it is generally accepted, recommend Representative James E. Watson, of Rushville, for permanent chairman, and Harry A. Strohm, a well-known newspaper man, of Kentland, will probably be made permanent secretary.

On assuming the gavel, Representative Watson, of this city, will deliver the "keynote" speech of the campaign in Indiana. Mr. Watson has more than a State reputation as an orator and a notable effort is expected from him on this occasion.

At this first session the reports of all the committees, save that on resolutions, will be received.

On Wednesday the real business of the convention will be transacted.

The first session will be opened at 9 o'clock in the morning and the first order of business will be the report of the committee on resolutions. It is understood that a rough draft of the platform, to be laid before the committee as a working basis for its report, will be prepared this week by some of the party leaders. Senators Fairbanks and Beveridge, Governor Durbin and State Chairman Goodrich. For presidential electors at large the only names that have been mentioned up to the present time are those of General Lew Wallace, of Crawfordsville, and Joseph D. Oliver, a prominent manufacturer of South Bend, and Hon. Will Cumback, of Greensburg.

The first nominations made by the convention will be four delegates at large to the national convention, four alternates and two presidential electors at large. It is generally understood that the four delegates at large will be Senator Fairbanks and Beveridge, Governor Durbin and State Chairman Goodrich. For presidential electors at large the only names that have been mentioned up to the present time are those of General Lew Wallace, of Crawfordsville, and Joseph D. Oliver, a prominent manufacturer of South Bend, and Hon. Will Cumback, of Greensburg.

The nomination of a State ticket will then be taken up, commencing, of course, with the gubernatorial contest.

Following that will come lieutenant governor, secretary of State, auditor, treasurer, attorney general, superintendent of public instruction, reporter of supreme and appellate courts, statistician, supreme judges for the Second and Third districts. The men who will probably be nominated without opposition are Secretary of State Storms, Auditor Sherrick, Treasurer Hill, Attorney General Miller, Superintendent Cotton, Judge Hadley and Oscar Montgomery for Judge of the Second district.

The candidates from the Sixth district are Superintendent Cotton, L.

P. Newby for Lieutenant Governor and Frank Smith, of Brookville, for Reporter.

The meeting of the Sixth district delegates will be held Tuesday morning at 9 o'clock in Room 79, State House.

There are 1488 delegates to the convention, and seats in the hall will be scarce, Rush county is entitled to thirteen delegates, and the following have been selected:

Ripley—A. O. Hill.
Posey—Wm. Dameron.
Walker—Thomas K. Mull.
Orange—Green Thompson.
Anderson—Jack Stewart.
Rushville—Nathan Weeks, Joseph Cowing.
Jackson—Elijah Oldham.
Center—William Lord.
Washington—D. E. Hollowell.
Union—C. L. Murphy.
Noble—Robert Ray.
Richland—John Shannon.

ABOUT OUR DAILY

The Veteran Editor of Shelbyville Republican Passes Judgment.

(Shelbyville Republican)

The Daily Republican of Rushville was a month old on Thursday of this week and it is a mighty lively youngster. The Republicans of Rushville and the county of Rush should feel proud of their paper. It is a credit to the citizens of that beautiful city, and to their good county as well. It is capable of performing great good for the grand old party it so ably represents and will materially aid in the upbuilding of Rushville, establishing of new manufacturing interest in their midst, creating new fields of labor, and thereby attracting capital to that locality and greatly increasing the population of the city. The paper is bright, crisp and newsy and grows better each day as it grows older. Mr. Feudner, the proprietor, is one of the oldest newspaper men in the State, and he has always been regarded as one of the best. Edward J. Hancock is the editor, while C. S. Lee does the reportorial work and soliciting. Every man connected with the paper must be an expert in his line for every department shows ability and painstaking care. We have known Ed. Hancock, the editor for several years, and we consider him one of the brightest and most capable young newspaper men in the State.

HON. WILL CUMBACK.

**Boomed For Elector at Large By
His Friends.**

In the Drift of Politics in the Indianapolis Journal this morning the correspondent says:

Former Lieutenant Governor Will Cumback, of Greensburg, is being mentioned for Presidential elector-at-large by some of his friends, both at home and in other parts of the State.

A. M. Willoughby, editor of the Greensburg Review, said yesterday in this connection:

"The many friends of Mr. Cumback, of our city, have suggested that he be made one of the presidential electors at large by the forthcoming Republican state convention, as a compliment to him on recognition of the fact that he was an elector in 1860 and cast the first electoral vote of Indiana for a Republican President—Abraham Lincoln. Mr. Cumback is not a candidate for the honor, but I believe he would gladly accept, if named, and I know he will give his best services to the party throughout the campaign. "He is one of the veterans of the Republican party in Indiana and his friends feel that the honor would be a fitting recognition of his stalwart Republicanism and his more than four decades of faithful party service.

A Medal for Attendance.

Miss Nellie McMillin, of Union township, a daughter of Will McMillin, will be voted a medal at the next meeting of the County Board of Education for faithful attendance. She has attended school at Ging for eleven years, during which time she has never been absent or tardy.

THE JAP AND THE BEAN STALK.

MALICIOUSLY

**Boys Break Windows at the
Second Ward School
Building.**

**School Board on the Lookout
and Will Probably Offer
Reward for Con-
viction.**

Some person or persons with malicious intent, last night broke six large window panes in the Second ward school building by throwing stones through them.

The work is purely malicious, and the citizens and school board are justly indignant over the affair, and the police are at work to run down the miscreants.

It is thought that the school board will offer a reward for any information concerning the affair at their next meeting.

The officers have their suspicion as to who the parties are, and are working on a good clew.

The windows were unbroken at 5 o'clock yesterday evening, so that they were broken between that hour and early morning. The stones which were used were found in the school room this morning.

The window panes were of a large size, being 44 by 48 inches, and it will cost approximately two dollars each to replace them.

The prompt action of the school board in ascertaining who perpetrated the deed is commendable, and the citizens as a whole are behind them and are willing to render any assistance.

BLOOMER GIRLS.

**Indianapolis Ladies Base Ball
Team Plays Here Next
Friday.**

F. C. Schmeltz, manager of the Star Bloomer Girls base ball team, of Indianapolis, was in town today making preliminary arrangements for their game here with the Rushville team next Friday, April 29th.

The Bloomer Girls are said to be a strong aggregation of players, the majority of whom are from Chicago. Maud Nelson, the champion lady pitcher of the world, and formerly of the Boston Bloomer Girls Club, is doing the slab work for the team.

The Rushville game will be the opening game of their tenth annual tour. The club will go from here to Richmond, where it will play the following day. The game is guaranteed to be strictly moral and will prove a novelty for the fans in this city. Mr. Schmeltz arranged for the preliminary advertising of the game today.

JAPANESE TAKE STAND

**The Coming Land Battle Will
be Fought Near
Takushan.**

**The Micado's Army Effects Safe
Landing Between New
Chwang and Port
Arthur.**

St. Petersburg, April 21.—What may turn out to be the anticipated flanking movement of the Japanese troops in the appearance of a number of Japanese ships off Potinska, near the Gulf of Ching Tai Tse, is reported to the emperor by General Kuropatkin. Military experts here have long regarded that vicinity as the probable point of disembarkation of the second Japanese expedition. It is not far away from Takushan (twelve miles to the east) and connects by road with Port Arthur (150 miles to the southwest) and Feng Huan Cheng (fifty miles to the northwest), where the Russians will make their first obstinate resistance.

Though the Japanese are building entrenchments on the Yalu, it is believed that they will advance soon. The arrangements for a turning movement are complete and the experts say that such a movement could properly begin at Takushan. The Japanese disembarkation will undoubtedly be covered by a warship, and the Russians recognize that it will be impossible to prevent it.

"We will strike after they have landed," grimly said a member of the general staff.

General Kuropatkin is aware of the strategic importance of the vicinity of Takushan, and it is understood that he has made his arrangements accordingly.

General Kuropatkin Reports.

St. Petersburg, April 21.—General Kuropatkin has sent the following telegram to the emperor: "General Kashalinsky reports as follows on April 19: 'All is quiet on the Yalu. The Japanese are throwing up entrenchments opposite Golutsky and further to the north. The numbers of Japanese troops are increasing. They are concentrating at Wiju and spreading toward the north along the Yalu. Cossack sentinels have observed the lights of Japanese transports near Ching Tai Tse, opposite the village of Potanska, twenty-five versts west of Tatum Kau. The vessels were anchored at a distance of fifty versts from the shore. According to dispatches from General Mischchenko, Japanese ships are also seen near Sou Chou.'"

All Quiet on the Yalu.

St. Petersburg, April 21.—The general staff has issued the following statement: "According to official reports, all has been quiet at Port Arthur and Yin Kow and on the Yalu during the last few days. There is no further change in the general situation to report."

Taking No Long Chances.

St. Petersburg, April 12.—A friend of General Kuropatkin has received a letter from him in which the general says he intends to await the arrival of another 100,000 men before risking a battle with the Japanese.

BACK TO CONFERENCE

**House Not Ready to Take Up Naval
Appropriation Bill.**

Washington, April 21.—The house, after an extended debate, sent the naval appropriation bill back to conference, the only disputed senate amendment accepted being that providing for the construction in navy yards of two colliers. A bill providing for the allotment of the lands of the New York Indians was passed under a resolution of the committee on rules for its immediate consideration.

The senate listened to a set speech of almost two hours' duration on the trusts by Mr. Dolliver, and afterward completed consideration of the sundry civil appropriation bill, again devoting much time to the provisions for an extension of the east front of the capitol and for an additional office building for the senate. The office building amendment was agreed to as reported from the committee, but the extension paragraph was so modified as practically to provide for plans only, the appropriation being reduced to \$75,000.

RESIDENCE BURNED.

**Home of Sherman Andrews Des-
troyed by Fire.**

The home of Sherman Andrews, one mile southwest of this city, and on what is known as the old "High Huffer" farm, burned to the ground today about noon.

Nearly all of the household goods were removed from the burning house by neighbors who gathered there, but it is badly broken and damaged.

The fire started upon the roof and is thought to have originated from a spark from the locomotive of a Big Four freight that passed a few minutes before.

Mr. Andrews had finished eating his dinner and gone to work, and the family were not aware of the fire until notified by a neighbor who was passing and saw it.

The house was insured but the loss was not wholly covered.

PROMOTER HERE.

**C. N. Wilson of the Proposed
Branch of the C. G. & R. in
the City.**

C. N. Wilson, of the C. G. & R. interurban lines was here today looking after the interests of the New Salem-Greenfield branch of that road, which is to pass through this city.

Mr. Wilson said the proposed road was to be modern in every respect, having electric engines of many tons capacity and that would require a good road bed, and a comparatively straight line.

He said that the company would require a franchise on a street through a town, and he hoped the citizens of this city would acquiesce with the council in granting them one.

The cars to be used on this road will be 66 feet in length and ten feet wide, and the tracks will be laid at regulation width, so that the cars can be run on any railroad.

The tracks, grade, cars and equipment will conform in every respect with the interstate commerce laws.

Mr. Wilson is a very gentlemanly business man, and courts investigation of himself and the men who are connected with him in this projected road.

**Hearst-Parker Battle Pro-
gresses.**

Howard Barrett, of the Hearst crowd, has just returned from a visit to a number of towns in the district, and John D. Megee the "reorganizing" chairman and Stokes Jackson together with a number of the "main-springs" of Democracy are holding a meeting at Cambridge City today.

ANNOUNCEMENTS.

FOR TRUSTEE OF UNION TOWNSHIP.

We are authorized to announce the name of
 John F. Mapes as a candidate for trustee of
 Union township, subject to the decision of
 the Republican township convention.

And now the Postmaster General
 will go after the postmasters in Utah
 who have more than one wife.

George Ray in the Liberal says he
 hopes that Hearst delegates will be
 chosen Thursday night without opposi-
 tion so that everything will be har-
 monious.

The Republican is in receipt of a
 letter from Senator Newby denying the
 charge made upon him by organ-
 ized labor and stating that his posi-
 tion has always been with the labor-
 ing man.

Five hundred ballots have been cast
 up to this time in the Eighth Ohio
 district convention at Findlay for a
 candidate for Congress without any
 change. It is to be hoped that they
 will nominate their candidate for
 Congress before next November.

Mayor Holtzman yesterday pitched
 the first ball of the season at Indiana-
 polis and threw it over the catcher's
 head. This is not the first time the
 Mayor has overshot his mark. He
 should have let Tom Taggart throw it
 for him.

 General Bell, Captain Wells, Captain
 Carlisle and Colonel Kennedy, with a
 guard of seventeen troopers, have de-

 corpus proceedings in the supreme

IN THE THIRD DISTRICT

Everything Was Done by Acclamation
 There Today.

Indianapolis, April 21.—The Third
 district Republican congressional con-
 vention was held at New Albany to-
 day. W. L. Taylor of this city, War-
 ren G. Sayre of Wabash, and Judge
 Penfield of Auburn, candidates for gov-
 ernor, left here on an early morning
 train to attend. George Self of Cory-
 don, candidate for reporter of the su-
 preme and appellate courts, accom-
 panied them. He is now the only Third
 district candidate, and he was enthusi-
 astically endorsed there today. J. F.
 Dillion of Jasper, Dubois county, was
 nominated for congress and Sam Wil-
 fram of Huntingburg, and Harry Mc-
 Grain of Corydon for delegates to the
 national convention at Chicago. Ev-
 erything was done by acclamation.
 This is a strong Democratic district,
 but the candidate for congress has
 strong hopes of cutting down the ma-
 jority. The Third will send a large
 delegation to Indianapolis to work for
 the nomination of Self. The latter,
 by the way, will be the only old soldier
 candidate before the convention, as he
 is a veteran of the war of the '60s.

After tomorrow all of the candidates
 for places on the Republican state
 ticket will open headquarters at the
 Hotel English, and then the real strug-
 gle will begin. Taylor is going to
 move over from the State Life build-
 ing, where he has had a large force
 busy for some time. Hanly and Pen-
 field have been at the English for sev-
 eral days. Hugh Th. Miller and Perry
 Newby, the candidates for lieutenant
 governor, are now there, and Sayre
 says he will be on hand Saturday. Self,
 Smith, Nash and Corwin, the candi-
 dates for reporter of the supreme and
 appellate courts, will have their head-
 quarters in running order by tomor-
 row night. None of the candidates
 seem superstitious, as they are going
 ahead with their headquarter opening
 tomorrow regardless of the fact that
 it is Friday. The vanguard of the
 party workers is here, and by Satur-
 day night it is fully expected that be-
 tween two and three hundred will be
 on hand.

The work of building the platform
 for the Republican state convention
 this year will not be so difficult, as it
 is the general understanding that
 there will be a "stand pat" policy.
 However, the matter is to receive very
 careful attention, and Monday night
 there will be a conference to which
 the members of congress, Senators
 Fairbanks and Beveridge, Addison C.
 Harris, Judge A. O. Marsh, Governor
 Durbin and other state officials will be
 invited by Chairman Goodrich. It is
 probable that the document will be
 framed up and ready for the commit-
 tee on resolutions to be appointed the
 following morning. Among the im-
 portant features will be the endorse-
 ment of the candidacy of President
 Roosevelt, Senator Beveridge for re-
 election, the policy of the state admin-
 istration and the action of the Indiana
 Republican delegation in congress.

The appointment of Harry Adams of
 this city as sergeant at arms for the
 Republican state convention is satis-
 factory to all the candidates. The pub-
 lic does not realize what a hard job it
 is to select a man for this position
 who is satisfactory to all the men who
 want places on the ticket. To the
 average politician, however, the advan-
 tage of having a sergeant at arms on
 your side is obvious, and it was that
 feature that made the selection diffi-
 cult. All of the candidates are watch-
 ing their opponents now like hawks
 to keep them from getting any advan-
 tage, but they are not worried much
 about Adams, who is generally known
 as a fair man.

Herrick Calls a Halt.

Columbus, O., April 21.—Governor
 Herrick has sent a message to the leg-
 islature calling a halt in appropri-
 ations. He declares that unless the re-
 venues of the state are increased \$500,-
 000 appropriations made and contem-
 plated must be reduced nearly \$1,000,-
 000 to prevent a deficit. He suggests
 that the appropriation of \$80,000 for a
 governor's residence be eliminated,
 urges a direct inheritance tax law and
 the proposed constitutional amend-
 ment on taxation which he says would
 give the state a large revenue from
 "fugitive property" now listed outside
 the state.

Slot Machines Take Flight.

Bedford, Ind., April 21.—The agita-
 tion aroused since the present city
 campaign began between the three
 candidates for mayor on the Republi-
 can, Democrat and Citizens' tickets
 has swept out the slot machines, run-
 ning for the last two years in every
 saloon in the city, and not one is now
 doing business. The owners of these
 machines became alarmed over the
 pressure of public opinion, fearing that
 it eventually would compel the authori-
 ties to act, and the machines were
 boxed up and sent to Linton.

It Is Now Judge Hunt.

Washington, April 21.—The nomi-
 nation of Governor William H. Hunt of
 Porto Rico as the successor to Judge
 Hiram Knowles as United States dis-
 trict judge in Montana, has been con-
 firmed by the senate. Governor Hunt
 expects to return to Porto Rico to con-
 clude his work there before assuming
 his new duties.

Will Go to Oregon.

Crawfordsville, Ind., April 21.—The
 Rev. Harry N. Mount, son of the late
 Governor James A. Mount, has accept-
 ed a call to the pastorate of the Pres-
 byterian church at Eugene, Ore. Mr.
 Mount has practically recovered his
 health, and he feels equal to the task
 of resuming ministerial work.

SUPERIOR TO LAW

That Is How Roberts Looks
 Upon the Mormon
 Church.

STICKS TO HIS WIVES

Moral Obligations to Them Greater
 Than Laws of God Or of Man.
 He Says.

Further Interesting Evidence Taken
 Before the Smoot Investi-
 gating Committee.

Washington, April 21.—With the
 reopening of the investigation in the
 Reed Smoot case before the senate
 committee on privileges and elections,
 the prosecution devoted considerable
 time to drawing from Brigham H. Rob-
 erts, who four years ago was expelled
 from congress, the character of the
 oaths which are said to be necessary
 for a Mormon official to take in order
 to have the support of the church for
 political office. Members of the com-

BRIGHAM H. ROBERTS.

mittee showed an equal interest in the
 obligations which are said to be taken
 by Mormons who "go through the en-
 dowment house." Along both lines
 much evidence was brought out. It
 was shown by Mr. Roberts' testimony
 that without the consent of the Mor-
 mon church he failed of election to a
 seat in congress and later with church
 recognition of his candidacy, he was
 elected. In relation to the endowment
 house obligation Mr. Roberts was ex-
 tremely reticent. He said that the
 sacredness of the ceremony was such
 that he could not reveal it to the
 world, and that if he did he would
 lose caste with the church as having
 betrayed a trust.

Portions of the testimony given by
 Mr. Roberts, especially in regard to
 his reasons for maintaining polyga-
 mous cohabitation with his plural
 wives, was almost a duplication of the
 testimony given by other polygamists
 who have been on the stand. He said
 he regarded the laws of God as higher
 than the laws of the land and that his
 moral obligation to his wives was
 greater than both the laws of God and
 man.

Mr. Taylor asked concerning Mr.
 Roberts' conviction in 1889 of the
 crime of polygamy. Senator Bailey
 objected to the line of inquiry in re-
 gard to Mr. Roberts' conviction and
 Mr. Roberts' service in the peniten-
 tiary. He said he thought the admis-
 sion of the witness that he had violat-
 ed the laws was sufficient. Mr. Tay-
 lor said this was to determine whether
 the authorities of the Mormon church
 had taken any action in respect to the
 witness living with more than one
 wife. Mr. Roberts said no action had
 ever been taken by the church.

Questions were asked respecting Mr.
 Roberts' views regarding the manifes-
 to of 1890 against plural wives and liv-
 ing in polygamous cohabitation, and
 the witness said he regarded the man-
 ifesto as an administrative act of the
 church and of binding force upon all
 members. He admitted that to dis-
 obey any of those laws would subject
 the member to liability to church dis-
 cipline. The witness was asked then
 in regard to polygamous cohabitation
 and said that he and many others
 were living in polygamy at the time
 the rule was made against such co-
 habitation and that they considered
 themselves under moral obligation to
 live with the wives they had married.

"Do you think you are morally bound
 to cohabit with all of your wives?"
 Chairman Burrows asked.
 "I do."
 "How many children have you?"
 "Thirteen living."
 "How many not living?"
 "Two."
 "When was the last one born?"
 "About two or two and a half years
 ago."
 The witness was then turned over to
 the defense.

Train Robbers Make Big Haul.

Tiflis, Caucasus, April 21.—A train
 on the Trans-Caucasian railway was
 held up between Novo-Senaki and
 Abasche by four armed men, who en-
 tered the mail car and, after binding
 the officials, escaped with registered
 letters and valuables worth \$50,000.

Canal Commissioners Sail.

Colon, April 21.—The United States
 canal commissioners have sailed for
 New York on the steamer Yucatan.

The Hazard of the Rail.
 Washington, April 21.—The inter-
 state commerce commission has is-
 sued a report showing that in the
 United States during October, Novem-
 ber and December last the total num-
 ber of railroad casualties aggregated
 14,485, a decrease of 702 as compared
 with the preceding quarter. There
 were killed 175 passengers and 991
 employees and 1,937 passengers and
 11,382 employees were injured. The
 damage by these accidents to cars, en-
 gines and roadways amounted to \$2,-
 527,000, a decrease of \$57,348.

Muskies Jeopardize Life.

Carbondale, Ill., April 21.—The old
 Equality coal mine was flooded by
 muskrats burrowing around the shaft
 and the bank of the Saline river, and
 100 miners had a narrow escape from
 drowning. The men were at work
 when the alarm was given that water
 was pouring into the mine. Immedi-
 ately they crowded into the hoists,
 and by the time the last men were
 taken out they were standing in water
 up to their necks. It is estimated that
 it will take nearly a week to pump
 the mine out.

Alleged Conspirator Released.

St. Petersburg, April 21.—Ludmilla
 Reimanoff, one of the members of the
 "fighting organization of the Rus-
 sian revolutionists," who was tried
 with Dr. Guershovnia, Aaron Viben-
 field, Michael Melnikoff and Faen
 Grigorieff April 18 on the charge of
 complicity in the Terrorist plot which
 resulted in the assassination of several
 important officials, including M. Sip-
 laguline, the minister of the interior,
 who was killed in 1902, has been re-
 leased from custody.

Spring in New York State.

New York, April 21.—Blizzard con-
 ditions will prevail in central and north-
 ern New York state. The storm is one
 of the most severe of the year. Rail-
 road traffic is delayed and country
 roads blocked by snow.

STATE NEWS

Indianapolis, April 21.—A judgment for \$725 has been given by Judge Leathers of the superior court, to Grafton Johnson of Greenwood against the Vandavia Railroad company, for shipping goods against which Johnson held a writ of attachment. This action of the court decides one phase of unusual litigation. Johnson had a claim for \$12,000 against the Alston-Dawson Mercantile company of Kingston, O. T., on which he says he was unable to get payment. He learned that the company had bought 12,000 cans of tomatoes of the Rider Canning company of Greenwood, and he succeeded in heading off the shipment with his attachment, in the Indianapolis yards. While being held in the yards here the temperature dropped suddenly and many cans of tomatoes were frozen. A mistake in orders caused the car to be shipped to Kingston, despite the attachment, and Johnson then brought his suit.

The firm at Kingston refused to accept the tomatoes because of their being frozen, and the Greenwood company has brought suit to collect the amount alleged to be due.

MOVEMENT WELL RECEIVED

State Railroad Commissioner Project Finds Much Favor.

Indianapolis, April 21.—At the meeting of the joint commission on the proposed state railroad commission at the board of trade this week, representatives of coal operators over Indiana and of wholesale coal dealers in Indianapolis will take a determined stand for such an enactment.

Testimony which is said to be sensational in character has been given the commission as to the alleged policy of certain roads entering Indianapolis. Many operators have told of discrimination, but names are withheld, as retaliation is feared from the railroads.

The Indianapolis manager of one of the Indiana coal companies said: "Operators all over the state are champions of the proposed commission, but they are afraid to come out openly for it. We are too much at the mercy of the carrying roads to talk for publication, for they could put us out of business on short notice."

Course of the Baker Case.

Elwood, Ind., April 21.—There is a strong likelihood that within the next few weeks A. J. Baker of this city, who shot and killed Fred Kiser, will be allowed to appear in the circuit court and enter a plea of guilty to manslaughter and receive an indeterminate sentence. Ever since his former trial for murder in the first degree, when the jury disagreed, his attorneys have been trying to bring about such an end, and the prisoner has agreed to it.

Double Tragedy at Hammond.

Hammond, Ind., April 21.—John Bolog, second victim of Sunday night's tragedy here, is dead from a shot which penetrated his right lung. He was shot by his friend, Andrew Mahaly. Sophia Nagy, eighteen years old, whose affections were sought by the two rivals, is not expected to live. She is in her room at home, and denies admission to even her parents. The funeral of Mahaly, who committed suicide after the shooting, took place yesterday.

Arrested After Year's Absence.

South Bend, Ind., April 21.—Hugh Greeley, nineteen years old, who, after six months of marriage to Minnie Champaign, tried to kill her with carbolic acid, and then fired four shots at her and two women who ran to her assistance, has been arrested after a year's absence. He was jealous of his child-wife, hence the murderous attack. The woman recovered.

They Wouldn't Hear Him.

South Bend, Ind., April 21.—When Leonard Kalamajski, ex-mail carrier, both under Democratic and Republican postmasters, but who now advocates the Republican ticket, attempted to make a speech to his fellow Poles, he was pelted with added eggs and the meeting was broken up.

Evansville Tinnors Locked Out.

Evansville, Ind., April 21.—Following a disagreement regarding pay for overtime, the Tinnors' union ordered a strike. The employers' association retaliated by declaring a lockout until the trouble is settled. Less than 100 men are involved.

Strange Incendiary Impulse.

Evansville, Ind., April 21.—William Schrader, under arrest for burning his own home, has confessed to the police that he was seized with an uncontrollable desire to apply the torch, and he did so. He will be tried May 2.

The Pan Handle company paid the heirs of the man and his wife who were killed at New Castle a few weeks ago, \$1600, in settlement of the claim.

The condition of M. S. Reddick, who received serious injuries from a fall Monday, is said to be satisfactory and he is getting along nicely.

It is reported that the Pan-Handle shops, at Richmond, will reduce the force of employees or cut down working hours. At division offices there the story is neither denied nor confirmed.

The Shelbyville high school base ball team will go to Indianapolis Friday to play with the Shortridge high school team of that city. The Columbus high school team is scheduled to play at Shelbyville Saturday.

Greensburg is having the greatest boom in its history. Besides many dwelling houses, several business blocks are under way, and, at a meeting of the lodge, I. O. O. F., a committee was appointed to make arrangements for a new hall and business block. Contractors say they are compelled to turn work away because of the scarcity of help.

The High School base ball team is practicing faithfully for its game with the Greensburg High school team at the South Main street grounds Saturday. The following will be the lineup for the game: Geraghty, p.; Miller, c.; Simpson, 1st b.; Aldridge, 2d b.; Bebout, s. s.; Ong, 3d b.; Stiers, l. f.; Harrold, c. f.; and McGuire, r. f. McDaniels and Puntenney, substitutes.

What promises to be an interesting case has been commenced in the filing of an affidavit against Trustee J. M. Clawson, of Prairie township, in Henry county, for alleged neglect of duty. During the late flood, a bridge was washed out in that township, and he failed to replace it. The result was that rural carriers were greatly inconvenienced and after notifying him to replace it without result, have filed affidavits against him.

In another column of this paper will be found a complimentary notice of our Daily, which coming as it does from a veteran newspaper man like John Wingate, of the Shelbyville Republican, is indeed gratifying, and carries with it some weight. A half century's successful experience in the newspaper business qualifies a man to pass judgment and while Mr. Wingate's remarks, so far as they relate to us personally, are somewhat flattering, we feel free to say that the high standard which Mr. Wingate says our paper has reached, in our short existence, is our goal, and that we are striving to attain it, that each day we make an effort to give our readers a better paper than that of the day before, and we trust that in the course of time. Mr. Wingate's predictions may come true. As to promoting the growth and betterment of our city, the veteran editor has rightly anticipated our intentions in that respect, and our columns shall ever be open to anything looking toward its betterment.
